Language, Literacy and Numeracy

Brighten Institute Australia (BIA)'s course information, training and assessment materials contain written documentation and limited numerical calculations.

We recognise that not all people are able to read, write and perform calculations to the same standards. When an issue is identified, a Language, Literacy and Numeracy (LLN) assessment will be provided to the student in question. This may be in the form of verbal or in a form of written questioning using a safe online (LLN) assessment.

We will endeavour to provide assistance to students having difficulty with language, literacy or numeracy to accommodate their needs. In the event that a student's needs exceed the ability of Brighten Institute Australia (BIA)'s staff to assist, the student will be referred to an external support agency so they have the opportunity to obtain the skills required to complete the training program. External support agencies will be those listed on training.gov.au as having scope to deliver the Foundation Skills Training Package qualifications or similar accredited courses.

Student Support, Welfare and Guidance

Brighten Institute Australia (BIA) will assist all students in their efforts to complete training programs by all methods available and reasonable. Staff will ensure students have access to the full resources of Brighten Institute Australia (BIA) to assist them in achieving the required level of competency in all nationally recognised qualifications.

In the event that a student is experiencing personal difficulties, training staff will encourage the student to contact Brighten Institute Australia (BIA) who will provide discreet, personalised and confidential assistance as according to the nature of the difficulties. In the event that a student's needs exceed the capacity of the support services Brighten Institute Australia (BIA) can offer, they will be referred to an appropriate external agency. Extensive information regarding support agencies,

resources and services may be sourced online. Brighten Institute Australia (BIA)'s staff members will assist students to source appropriate support.

Flexible delivery and assessment procedures

Brighten Institute Australia (BIA) recognises that some learners are better suited to learning via training methods not usually obtained in the traditional classroom setting. With some minor adjustments to training and assessment methods, a student who is experiencing difficulty learning and achieving the desired results in the traditional setting may show considerable improvements.

The staff and management of Brighten Institute Australia (BIA) respect these differences among students and will endeavour to make any necessary adjustments to their methods in order to meet the needs of a variety of students. For example, the inability to complete a written assessment will not be interpreted as a sign of incompetence, provided the student can verbally demonstrate competency.

Acceptable adjustments to training and assessment methods may include but are not limited to; having a trainer read assessment materials to students, having a student's spoken responses to assessment questions recorded or allowing a student to sit for an assessment alone in a different room. Brighten Institute Australia (BIA)'s staff will pursue any reasonable means within their ability to assist students in achieving the required competency standards. In the event that a student's needs exceed the capacity of the support services Brighten Institute Australia (BIA) can offer, they will be referred to an appropriate external agency.

Reasonable Adjustment

Reasonable adjustment means adjustments that can be made to the way in which evidence of student performance can be collected. Whilst reasonable adjustments can be made in terms of the way in which evidence of performance is gathered, the evidence criteria for making competent / not yet competent decisions will not be altered in any way. That is, the standards expected should be the same irrespective of the group and / or individual being assessed; otherwise comparability of standards will be compromised.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) means recognition of competencies currently held, regardless of how, when or where the learning occurred. These competencies may be attained through any combination of formal or informal training and education, work experience or general life experience. In order to grant RPL, the assessor must be confident that the student is currently competent against the endorsed industry or enterprise competency standards or outcomes specified in Australian Qualifications Framework accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

Brighten Institute Australia (BIA) appreciates the value of workplace and industry experience, and recognises that students will acquire vocational skills and knowledge from a variety of sources other

than formal training. These skills are legitimate irrespective of how they were acquired and the RPL process is designed to provide validation of such relevant skills.

Qualification from other RTO's

Brighten Institute Australia (BIA) will recognise all AQF qualifications and Statements of Attainment (SoA) issued by any other RTO. If any ambiguity is detected when validating a student's certification, Brighten Institute Australia (BIA) will seek verification from the relevant RTO before recognising the qualification or statement of attainment.

Credit Transfer

Credit transfer refers to the transferral of academic credit obtained by students through participation in courses or national training package qualifications either with Brighten Institute Australia (BIA) or with other RTOs, towards qualification offered by Brighten Institute Australia (BIA). Credit transfer is granted on the basis that the credit validates the student's competency within the relevant qualification / unit of competence. Credit transfer of a qualification / unit of competence is available to students enrolling in most training programs offered by Brighten Institute Australia (BIA).

RPL Process

RPL is an assessment process that assesses an individual's formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and / or partial or total completion of a VET qualification. The RPL process will be offered to and explained to all relevant students.

Students who believe they have already obtained current skills and knowledge that would otherwise be covered in the qualification / unit of competence for which they intend to attain, can apply for RPL at the time of enrolment. The student's skills and knowledge will be assessed and validated, and where appropriate, units of competency acknowledged, and face-to-face training reduced.

As part of the Brighten Institute Australia (BIA)'s enrolment policy, staff will advise students of the availability of RPL, explain what the process involves and how it relates to the attainment of the qualification in some circumstances. Staff will remind students of this option progressively throughout their time, during the admission process in order to provide multiple opportunities for students to engage in the RPL process.

When approached by a student seeking RPL, staff will refer the student to Brighten Institute Australia (BIA)'s RPL Assessors and/or the Training Manager who will conduct an initial RPL interview and explain the remainder of the RPL process specific to that student's needs. There are costs associated with the RPL process from the initial RPL interview to conducting the RPL assessment. Please contact us for further information about RPL process and costs on support@brighten.edu.au.

The quality and continuous improvement policy defines the methods of data collection and analysis. In order to provide high quality outcomes to their clients and students, Brighten Institute Australia (BIA) ensures that strategies for training and assessment are developed with effective consultation with industry and stakeholders.

- Each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders

Assessment Requirements

Brighten Institute Australia (BIA) acknowledges the critical role that assessment plays in determining the competency of students. In developing the assessment (including RPL) for each qualification and unit of competence, the course development team will ensure:

- Compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course
- Assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF)

- Assessment complies with the principles of competency-based assessment and informs the student of the purpose and context of the assessment

The continuous improvement and quality management practices employed by Brighten Institute Australia (BIA)'s staff is designed to proactively identify any anomaly that might cause a business interruption or training failure and address this situation before any students are affected.

Training continuity and completion is also guaranteed by the quality management and operational framework procedure developed by Brighten Institute Australia (BIA). For example; the recruitment, induction and staff professional development policies and procedures ensure best practice and minimise the potential for business interruption or training failure.

In the extremely unlikely event of a business interruption or training failure, students' training is guaranteed by the financial management policy and procedure of Brighten Institute Australia (BIA). Fees paid in advance are not transferred to the operating account until training commences. At any one time only \$500 is 'drawn down' (proportionate to the expenses incurred in training) for any student affected. This means that in the unlikely event of a business interruption or training failure, Brighten Institute Australia (BIA) can issue a SoA for the training completed and refund the remaining funds held.

Brighten Institute Australia (BIA) makes every effort to practice cooperation and mutual respect in all internal and external dealings to uphold high quality, professional training and assessment services. The same disciplined behaviour is expected of students as a contribution to a functional learning environment, and as a sign of respect to staff and fellow students.

Professional Behaviour

Brighten Institute Australia (BIA)'s Management encourage all trainers or staff members to enforce professional behaviour of students. If a trainer or staff member is dissatisfied with the behaviour or performance of a student, they have the authority to:

- Warn the student that their behaviour is unsuitable, or
- Ask a student to leave the class, without refund or acceptance into another course, or
- Immediately cancel the class.

If a student wishes to object or lodge an appeal against the disciplinary action taken, they have the right and opportunity to follow the Brighten Institute Australia (BIA)'s complaint procedure. Brighten Institute Australia (BIA)'s staff are expected to maintain a professional and ethical working relationship with all other staff members, management and students. Breaches of the disciplinary standards will result in discussion between the relevant trainer and Brighten Institute Australia (BIA), and appropriate action will be taken.
